For all that's been written about The War, The Greatest Generation's gay and lesbian life is not well chronicled - particularly on the home front. Help us find men and women willing to share their experiences.

100% of the proceeds from the sale of "Wax" - through Edwards Bros. Malloy - will be donated to the Rosie the Riveter Trust in support of new exhibit development

In "Wax" a young lesbian struggles to conform to post-war expectations of marriage and family.
